**DHP PCP INCENTIVES, PROVIDER
ADVISORY COMMENTS, Q&A**

Speaker: Roxanna V. Doucet, MD, MBA, FACOG

Obstetrics and Gynecology
Associate Medical Director – Maternal Health, Driscoll Health Plan

Target Audience: This activity is designed for physicians, advanced practice professionals, medical residents, medical students, and other healthcare professionals.

Methodology: The format will consist of a didactic PowerPoint lecture with a question-and-answer session. After the educational activity, participants will complete an online evaluation for CME credit.

Learning Objectives: Upon completion of this activity lecture, the participant should be able to:

- Identify maternal, fetal, & placental risk factors contributing to preterm births, including differences between Texas populations.
- Identify ACOG-recommended diagnostic criteria to differentiate preeclampsia from gestational hypertension and other diagnoses.
- Integrate Low-dose Aspirin Therapy in high-risk patients using current guidelines, and monitor adherence as well as outcomes.

CME Accreditation Statement: Driscoll Health System is accredited by the Texas Medical Association to provide continuing medical education for physicians.

AMA Credit Designation Statement: Driscoll Health System designates this live educational activity for a maximum of [one (1)] AMA PRA Category 1 Credit™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Disclosure of Relevant Financial Relationships: The Driscoll Health System CME Department's Policy is designed to ensure quality, objective, balanced, and scientifically rigorous educational activities. Per the Texas Medical Association accreditation requirements, all planners and presenters in a position to influence or control the educational activity content must disclose any relevant financial relationships with ineligible companies within the past 24 months. Any relevant financial relationship will be mitigated and disclosed to the audience before the educational activity.
